MTO Asking For Bids On New Construction Projects

The tempo of construction at NASA's sprawling Mississippi Test Operations, a testing ground for space engines and rocket stages, is being accelerated as Army Engineers, engineering and construction agents for the nation's civilian space agency, ask interested bidders to submit quotations for three new construction projects at the giant test facility.

Largest of the jobs is a navigation lock, 880 feet long and 110 feet wide, to provide water access for barges transporting engines, boosters and fuel to the test stand area, where the massive power plants will be test fired while securely held in place. The lock, which will raise and lower vessels about 20 feet, will be an integral part of a canal system linking the area with the East Pearl River, the Gulf Intracoastal Waterway, and deep water in the Gulf. Included in the proposed work is a water supply pumping station with heavy-duty pumps and about one-half mile of 54-inch pipe to refill the lock when the water level drops after vessels move downstream through the lock chamber. Bids will be opened at the Corps of Engineers office at Mobile on October 31. Cost of the work is estimated at about \$7 million.

Three permanent special-purpose buildings, costing an estimated total of over \$3 million, will be constructed: the Central Control Building, the Data Handling Center, and a Data Acquisition Facility.

The Central Control Building, which will serve as headquarters for safety and security control for the entire test area, will contain facilities for monitoring and supervising activities by two-way voice communication. It will be a two-story concrete and steel structure, 55 feet wide and 188 feet long, with an observation tower. The Data Handling Center will house equipment and personnel for processing and storing test data received from data acquisition facilities for use in preliminary test analyses and in the preparation of engineering reports. It will be a two-story steel frame building, 110 feet square, with a large equipment room on its roof. Exterior walls of both buildings will be of precast concrete panels. Bids for constructing the two buildings will be opened at the District Engineer's office at Mobile on November 5.

The Data Acquisition Facility will be the centralized collection point for test data provided by the Saturn test facilities data system. It will be a two-story building, 103 feet wide and 118 feet long, with a large basement. The structure will have reinforced concrete foundation, frame and exterior walls and will be equipped with blast doors. An estimated 15,600 cubic yards of excavation will be required. Bids will be opened at the Corps of Engineers district office at Mobile on November 7.

LEGION AUXILIARY STRESSES DRIVE FOR MEMBERS

The American Legion Auxiliary met Monday night at the Legion home with Mrs. C. J. Piazza, president, presiding.

Among the many projects reported now in progress is the membership drive, with Mrs. Chester Favre as chairman. Dues are payable at this time and members may contact Mrs. Favre or mail their dues to her.

Plans for the Harvest Ball to be held October 19 were completed. Plans are also being made to reach the quota of gifts for the veterans gift shop. Members are requested to bring in their gifts as early as possible to Mrs. Leroy Luke, chairman.

Members were reminded of the Veterans Day Parade November 11 and were asked to participate.

Plans were formulated for a birthday party following the regular November meeting.

Chairman of past presidents' party, Mrs. Gordon Romanoff, gave a report on the functions of the committee.

The room prize was won by Mrs. U. N. Durbin.

Hostesses for the social were Mesdames S. J. Baskin and John Wilkerson.

REVIVAL AT LAKEHURST

The revival at Lakehurst, N.J., will continue through Sunday, Oct. 20, with the closing service at 7:30 p. m. with the theme, "Revival in the Heart."

Personal injuries and property damage in a two-car accident at 1:30 p. m. Sunday were reported by Deputy Sheriff Donald Marquar.

The accident occurred, Marquar said, when Louis A. Muhleisen of New Orleans ran a stop sign on the Old Highway and Nicholson Avenue and his 1961 Cadillac slid 73 feet over the stop sign.

The injured, identified by the officer as John Luxich and Jerry Kennedy of Bay St. Louis, were brought to Hancock General Hospital for treatment and were reported discharged Wednesday.

Muhleisen, who sustained leg and right arm injuries according to Marquar, was charged with failing to yield the right-of-way and is out on bond awaiting a hearing before Justice of the Peace Nelius Rhodes.

Marquar estimated damage to Luxich's 1953 Mercury as a total loss and extensive damages to the Cadillac.

To Retire

Bay St. Louis Chief of Police Alcine Saucier, who will retire October 31, will be succeeded by City policeman Lathan Garriaga, Commissioner J. Cyril Glover announced this week.

This action was taken, Glover said, to conform with a State law which limits the age of Public Employees.

Chief Saucier has been with the police force 32 years.

He served under Mayors Charles Traub Sr., C. Y. Blake, Sr., Warren Carver and the present Mayor John Scafield.

HIGH SCHOOL SENIORS ELIGIBLE FOR COMPETITION

University, Miss. - High School seniors across the United States are eligible for competition in the second annual Freedom of the Press Essay Contest, Dr. Samuel Talbert, chairman of the University of Mississippi Department of Journalism, has announced.

Sponsors of the contest are the Mississippi chapter of Sigma Delta Chi, professional journalism society, and the Ole Miss Department of Journalism.

Inaugurated three years ago as a state-wide event, last year the contest expanded to cover the entire nation.

The essays, on the subject "What Freedom of the Press Means to Me," should be postmarked on or before March 25, 1964. Entries, which are not to exceed 400 words in length, should be submitted to the Department of Journalism, University, Miss.

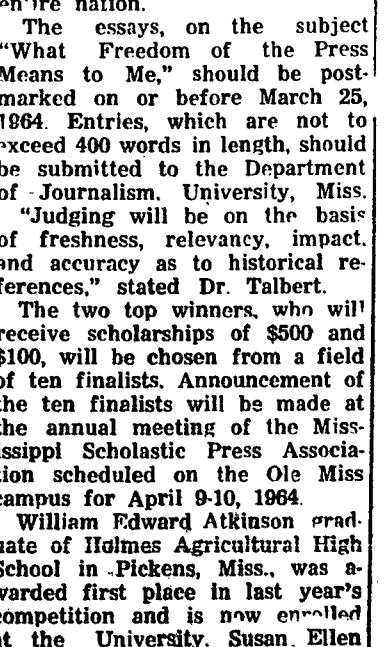

"Judging will be on the basis of freshness, relevancy, impact, and accuracy as to historical references," stated Dr. Talbert.

The two top winners, who will receive scholarships of \$500 and \$100, will be chosen from a field of ten finalists. Announcement of the ten finalists will be made at the annual meeting of the Mississippi Scholastic Press Association scheduled on the Ole Miss campus for April 9-10, 1964.

William Edward Atkinson graduate of Holmes Agricultural High School in Pickens, Miss., was awarded first place in last year's competition and is now enrolled at the University. Susan Ellen Mays of Albemarle High School in Charlottesville, Va., captured the second place scholarship.

Finalists last year included three Mississippi students, three from Georgia, and one each from Virginia, Tennessee, New Mexico and Arkansas.

Keys will be presented by Sigma Delta Chi to the authors of the ten best essays, with no more than three awarded to any one state. Judging will again be done by a committee of journalists appointed by the Ole Miss Department of Journalism.

MEET MONDAY

The Blue Jeans Garden Club will meet at 2 p. m. Monday, October 21, at the home of Mrs. Kirkland Rheams.

TO CONDUCT WORKSHOP

Mrs. J. P. Rousseau will conduct a workshop on dried arrangements at 10 a. m. Friday at the agriculture center.

WAVELAND CLUB PRESENTS CHECK FOR RETARDED CHILDREN

Mrs. Joseph Scharff, president of the Hancock Association for Retarded Children, was presented a check in the amount of \$225.00 for the Association at a meeting Monday of the Waveland Home Demonstration Club.

The money was raised at a recent benefit by the Waveland club. Mrs. U. N. Durbin installed the following officers for the coming year:

Mrs. Maurice George, president, and Mrs. Dave Markey, secretary.

A vote of thanks was given Mrs. Dave Markey, general chairman of the recent benefit which was a success.

The door prize went to Mrs. William Ford.

Hostesses for the social hour were Mesdames Durbin, M. Egert and A. N. Grass.

KC AUXILIARY HAS INSTALLATION AND BIRTHDAY

Pere Le Duc Ladies Auxiliary celebrated its eighth birthday and installed officers for the coming year last night at the Knights of Columbus Hall.

New officers are Mrs. Curtis Matherne, president; Mrs. Joseph Michel, vice president; Mrs. George Anderson, recording secretary; Mrs. Perre Quintini, treasurer; Mrs. Curtis Colson, corresponding secretary and Mrs. Randolph Bourgeois, moderator.

The traditional candlelight ceremony followed the installation with Mrs. Gustave Thomas, outgoing president serving as the installing officer. Mrs. Thomas was presented with a silver bracelet engraved with her name and date of her term as president.

The birthday cake was cut by Mrs. Curtis Matherne.

36 Listings

Mrs. Mabel Green, Hancock County Chamber of Commerce secretary and manager, reported 36 listings for the new proposed Hancock County C of C business directory have been received to date.

As a deadline of November 4 has been set for listings, Mrs. Green is urging all business and professional people in this area to get their listings in before that time.

It is hoped, she added, that the edition will be possible by December 1.

GUEST SPEAKER

Tom O. Logue, Hancock General Hospital administrator, will be guest speaker for the Hancock General Hospital Auxiliary's awards luncheon at 12:30 p. m. Wednesday, October 23, at the Garden Center.

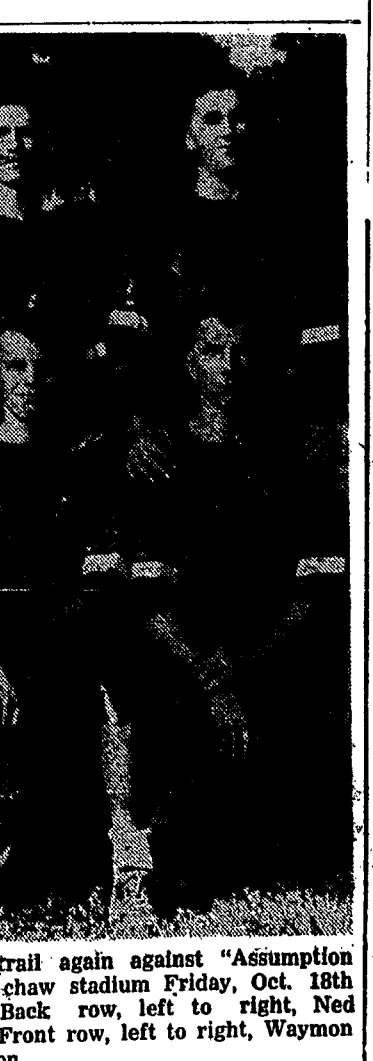

For reservations call Miss Henrietta Mohr at 7-6650 or Mrs. Ben Hille Sr., 7-6497.

Reservations will close at 12:30 October 21.

BENEFIT SUNDAY

The altar society of St. John's Catholic Church, Lakeshore, will have a benefit entertainment Sunday, October 20, beginning at 2 p. m. in the old church building.

Proceeds will be used for landscaping the new church grounds.

necessary to dig a ditch 35 feet deep, 60 feet wide and 280 feet long - nearly the size of a football field. Relocation also involved splicing of the cable. The splicing, which required 24 hours, was planned so it could be done without an interruption of service.

Southern Bell and AT&T people worked together to complete the job. Giant pumps and snake-like hoses connected to 60 wells kept the ditch dry during splicing operations.

The NASA canal, when completed, will pass directly over the coaxial cable. It will only be 30 feet deep, allowing a clearance of 5 feet. Oddly enough, when the Saturn rocket is fired and enroute to the moon, news and TV coverage of the event will travel through the relocated cable - over which the rocket once passed.

The American Telephone and Telegraph Company, in cooperation with NASA, has just relocated about 3 miles of its coaxial cable serving Hattiesburg-New Orleans.

The cable, containing 8 "tubes" of network TV, teletypewriter, telephone and 80 other communications circuits, lay in the path of a new canal which will ultimately connect the Miss. Test Operations rocket test stands with the East Pearl River. This water route is the path the giant Saturn moon rockets will traverse - via barges, to be tested enroute from New Orleans to Cape Canaveral launch facilities. The cable's new location is in Hancock County about 1/4 mile from the new "ghost town" of Gainesville, Mississippi.

To relocate the cable, it was

HANCOCK CENTRAL DEFEATED 14-13 BY HARRISON CENTRAL

Hancock North Central Hawks were defeated by Harrison Central's Red Rebels 14-13 in a Gulf Coast Conference football game Friday night at North Central.

Quarterback Jerry Wilson took the opening kickoff, and behind good downfield blocking, streaked 88 yards to paydirt. Fullback Russell Lanning added the extra point on a left end run for a 7-0 Red Rebel lead.

Harrison Central took a 14-0 lead in the opening minutes of the third quarter when halfback Norman Stanbro plunged over from one-yard out after setting up the score on a 29-yard scamper.

Wilson, on a quarterback keeper, got the extra point.

Quarterback Eddie Peterson got Hancock North Central into the scoring column midway in the third quarter on a four-yard keeper play around right end.

North Central had moved the ball into scoring position following a pass interception.

Midway in the final period Peterson intercepted another Red Rebel pass near mid-field.

Two plays later, Paul Cuevas blasted over tackle from six yards out, and Kenny Randall added the extra point on a pass from Peterson to end the scoring.

It was the fifth win of the season for the Rebels compared to one defeat. North Central has tied one game and lost five.

The Hawks will play Pass Christian Friday night.

Summer time seems to be dying slowly as far as the fishermen and hunters are concerned. The temperatures are still in the 80's during the day and a little cooler at nights with mosquitoes still hanging around. Fishing however, was better the early part of the week with speckles, red fish and white trout being caught up Jordan River again. Green trout fishing picked up a little mostly at Pearl River. Speckle trout fishing in the marshes has improved. They were caught over the weekend at Mitchell Keys, Free Mason, Biloxi Bayou and closer in at 3 and 9 mile Bayous.

Those catching specks at different places were Alden Maufrey, Sam Scaffie, August and Nicky Rauxet, Raoul Telhiard, Joe Kern and others.

The regular threesome of Red Veinike, Harry Favre and Jack Garriga were after green trout at Pearl River. Didn't learn how many they got. All three are good fishermen and usually get their share. Think they were using under-water baits. It's about time for that kind of fishing, boys.

E. J. Marengo and Willie Pavolina caught some nice specks Saturday up Jordan River. E. J. said they were using live minnows for bait and the fish were really striking them.

According to them the trout have moved way up the river. A little rain will bring them back down again.

Lt. Col. Fred Fayard and Leroy Strong of Columbus, Miss., spent a few days here doing some fishing. Fred said they caught some nice fish and enjoyed eating them. Over 100 pounds were caught. Both are local boys and we will be seeing more of them this winter.

Lester L. Devay of the Acme Refrigeration Inc., of New Orleans spent the weekend at the Bay with the madam. They enjoyed crabbing with friends and having a good time in general. Will be back soon Lester said.

A local band, the Starfires composed of Henry Heitzmann, Jr., Martin Morreale, Squeaky Hille and other young men of the Bay are really going places. They play at local dances and have a few records on the market. One record can be heard now at the Knock Knock Club. Listen to it, it's good. Give the boys a break

When you need a hand

John I. Hobbart is a new comer at Henderson Point. He plays golf, hunts and fishes and expects to do all three. Welcome John, may join you when the house is finished.

Edward Collins of Gulfport, Miss., who is an ardent fisherman and hunter was down over way over the weekend. Edward does his share of both sports and usually bags the limit. Will be seeing you Ed.

Don't forget the chicken dinner sponsored by the Boy Scout Troop 208 at the American Legion Home on October 23, 5 to 8:30 p. m. It's a benefit for the boys of the troop. Give the boys a break, they need your help. You couldn't help a better cause.

Hank Evans who not only crabs and fishes has now turned to gardening. Will be seeing you when things are ripe Hank!

According to those catching speckle and white trout they are being caught on live minnows and shiners. A fine meshed cast net will do the trick in catching them. Of course they are also being caught on plugs and by trolling.

Hard crabs are still being caught most everywhere. They are lasting longer this year than usual.

Pearl River furnishes a lot of good fishing. If you don't know how to go there. Go to Pearlton on Highway 90. Boats can be rented and fishing is good most anywhere. Both fresh and salt water fish can be caught.

David Carter and three of his fishing buddies camped up Jordan River over the weekend. The boys had a great time and caught some fish.

From ducks and geese flying over, there should be some good hunting when the seasons open. Don't forget to get that hunting and duck stamp. It sure makes it nice to have them when approached by the game warden. They can be purchased at the Post Office and Sheriff's office. Better to be sure than sorry.

Rabbits are plentiful according to those traveling the woods. Good hunting should be in store for those liking this kind of sport. What's better than stewed rabbit and potatoes? Especially on camping trips.

Did you know that according to Mississippi Game and Fish Laws it is unlawful to needlessly disturb or to destroy the nests of birds or to set fire to the woods during the nesting season of game birds for the purpose of driving wild animals or birds out of fields or forests?

Advice to hunting beginners. Be sure that you seek the advice of older hunters as to how to handle firearms, carry them correctly and be sure that you recog-

OYSTER SHELLS MAY PROVE TO BE IMPORTANT BY-PRODUCT

University, Miss. - A by-product of the oyster industry may prove to be an economic boon to Mississippi oyster packers.

Shells from oyster packing companies on Mississippi's Gulf Coast are now being ground up and used mainly as a fill for roadbeds at little profit to the industry.

But according to preliminary findings of scientists in the Research Institute of Pharmaceutical Sciences here, these mountains of oyster shells may be worth millions of dollars over a

size your game before shooting. Any old timer will be glad to help you learn the right way. Be a good hunter, be careful, be cautious and respect the land of others. Get permission to go into a field. Climb over fences the right way. Unload gun if necessary to be safe. An unloaded gun won't hurt anyone.

For those who throw cast nets from the seawall it is a good idea to use low tides to locate obstacles on the bottom. Memorize the locations so that you will not tear your net when casting in high tides.

When fishing in most rivers it pays to learn where the bottom drops off. Food drops where the drop-off starts and fish follow the bank looking for food. Fishing against the tide usually pays off.

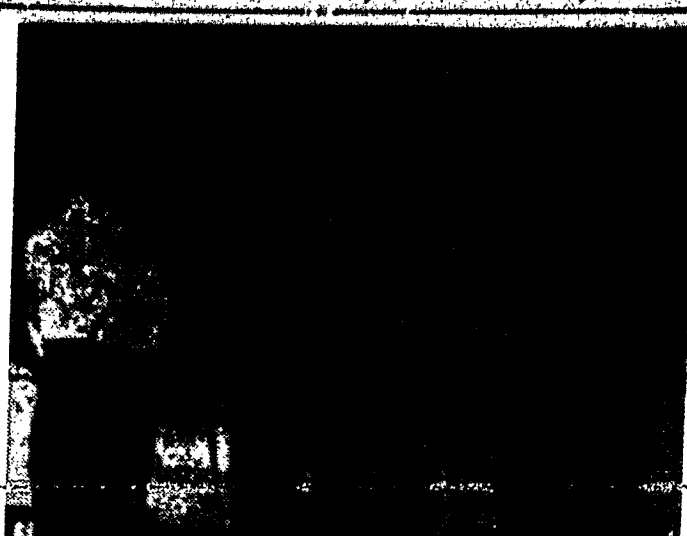

Chas. Hays, while fishing from the Hi-way bridge Monday caught 37 trout and a 10 pound catfish. Mr. Hays said they were biting real good.

LOCAL SPORTSMAN

WATSON JOHNS

Is one of our best fresh water fishermen. He loves his fly rod and prefers using under-water baits, although he catches his share on surface baits. Watson has been here a long time and is known by most of our anglers. A good guy to fish with and stays as long as there is light. He calls his boat a 50c one and his trailer worth \$2.00. They go wherever he goes and he stops anywhere that looks like fishing. He always gets his share. Won't tell you how many he catches.

TWO OF MISSISSIPPI'S OUTSTANDING contributions to national golf, Mary Mills (left) and Johnny Pott (right), stand with Ray Dznowski, resident pro at Gulf Hills Dude Ranch and Country Club, Ocean Springs, Mississippi. Mary Mills won the 1963 Women's National Open Golf Championship and will be playing in the Mary Mills Gulf Coast Invitational Golf Tournament to be held in her honor November 14-17 at Gulf Hills. The largest purse ever presented in a Ladies Professional Golf Association Tournament — \$15,000 — will be offered. The site of the tournament will rotate yearly between Gulf Hills, the Broadwater and Edgewater courses. Charles "Chuck" Wynn, managing director of Gulf Hills, is the 1963 tournament chairman. Johnny Pott is a member of the U.S. Ryder Cup Team and just completed playing on the star-studded U.S. team, captained by Arnold Palmer, at the Ryder Cup matches in Atlanta.

"THE IMPORTANCE OF BEING EARNEST" AT LITTLE THEATRE

A frothy whipped cream topped desert presentation will provide a fitting climax for audiences of the Bay St. Louis Little Theatre for the 1963 closing, Oscar Wilde's famous classic fluff, "The Importance of Being Earnest", will end a four night run, starting Wednesday, October 23, and continuing thru Sat. Oct. 26, curtain time, 8:15 p. m. at the playhouse on Boardman Ave.

Under specialized direction by Sylvia Peompke, Pass Christian, this production will be outstanding for local theatre goers. With a backlog of professional acting and directing, Mrs. Peompke, surprised sophisticated viewers by her direction of this play when it was presented during the 1962 season of the Gulf Coast Theatre of Arts, at the Edgewater Gulf Hotel.

The hand picked cast have been working for months on diction, and romp thru lines with precision. British intonations, plus professional flair seldom acquired among amateur players. Two finely executed sets will provide background interest, and delightful period costumes are imports from the Manhattan Costume Co. of New York.

The cast contains well known local actors, and some newcomers from our sister county of Harrison. Ann Liversedge, Pass Christian, repeats a vigorous performance as Lady Bracknell, and dominates the stage with each appearance. Nora Bolton, and Stowe Easton, Pass Christian, have each bowed before local fans. Nora has been initially here in the 1963 opener, "Come Blow Your Horn," while Stowe was among the fun loving gobs in "Mr. Roberts. William Fray, 1962 president of the Gulfport Little Theatre, was acclaimed by patrons locally for his portrayal of the difficult Peter Ustinov role in the 1963 presentation "Romanoff and Juliette". Our own little gem, Jewel Tiemann, carried to perfection the difficult child role in the 1962 closing, "Bad Seed". With infinite skill, Jewel again does a transition to an 18 year old demure British lass. Teddy Stockmann, Ezelda Linz, Basil Cockshot, and Capt. Harold Powell, prove their versatility, and earn the right to be named among the best non-professional actors of the area. All four have appeared recently, and are favorites drawn

from local talent. Stage settings were designed by Cynthia Fray, Long Beach, and executed by M. L. "Dick" Carter, and "Cap" Powell. Ann Ashman polishes the stage with authentic dressings, while Mary Carter, and Kay Cabell attend to (necessary and in this case exquisite) props. Lights and sound will be under the supervision of Lee Archavaleto, Pass Christian.

LION CLUB HOLD FIRST REGULAR MEETING

The Bay St. Louis Lions Club has observed its first regular meeting after Charter Night activities. Convening at Broadview Cafe for its supper meeting, the club enjoyed fellowship, transacted business, and received enlightenment on Coast Guard rescue equipment from a team of Coast Guard men stationed at Keesler Air Force Base.

Special emphasis is being placed on the sale of Halloween candy by the club in order to gather funds for needed projects. This is very good hard candy individually wrapped and in large bags. It sells for \$1.00 per bag.

Monday night, October 21, has been chosen for door to door candy sales. All candy that is still on hand at that time will be sold that night.

State Forester Jack Holman, right, receives the State Award for his outstanding contribution in Forest Conservation during the last year. Making the presentation is W. V. Robertson of Gulfport, President of the Wildlife Federation, sponsoring agency for the award. In other fields of conservation were made recently at the King Edward Hotel in Jackson.

FORESTRY NOTES

"Critically dry woodlands in most areas of the state are in grave danger of being heavily damaged by fire," announced State Forester Jack Holman today.

He added that the Mississippi Forestry Commission has been battling an increasing number of fires during the past few days and urged that all persons in and near the woods use extreme care with cigarettes, matches and campfires, making sure that they are completely extinguished.

Holman explained that forest lands of Mississippi provide valuable timber and the state's tree farms provide employment for 80,000 workers who are growing, harvesting, tanning and distributing products. "These workers families buy groceries, automobiles, clothing, homes, legal services, education and many other forest resources are contributing about 25 per cent of the economy of Mississippi." Each wild fire reduces the amount of timber and its ability to provide a reserve of support industrial expansion.

Nice Things Happen to Systematic Savers

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations. Often the answer is not to be found in the size of their income, but in what they DO with it. By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) where their money earns interest.

CONSERVATION FARMING BENEFITS FISH, WILDLIFE

Conservation practices with benefits primarily to wildlife are eligible for cost-share assistance under the 1964 Agricultural Conservation Program, Paul E. Bounds, Chairman of the Hancock Agricultural Stabilization and Conservation County Committee, reminded farmers today.

"About 85 percent of the wildlife in the United States is produced on privately owned farms and ranches," he stated. "This means that most wildlife animals depend on farmers and ranchers for survival requirements — food, water, and cover. Conservation farming brings double benefits, to the general farm enterprise and to wildlife on the farm."

The chairman pointed out that recreation can become a secondary enterprise on land where wildlife conservation is an integral part of day-to-day farming, thus supplementing the farmer's income as well as providing city visitors with hunting, fishing, picnicking, boating, and swimming facilities.

"With increasing numbers of urban people seeking recreation in farming areas," he said, "farmers are becoming more conscious of the advantages of conservation practices which benefit wildlife, thus improving hunting and fishing opportunities and at the same time conserving and protecting the farm's soil, water, and wood-land resources."

It is true, Mr. Bounds declared, that many conservation practices are costly to perform and do not offer financial returns to farmers which are attractive enough in the immediate future to get the needed amount of cost-share practices ap-

PEARL RIVER J. C. OFFICIALS REPORT ON VISIT TO HUNTSVILLE

Poplarville, Miss. - President Garvin Johnston and Dean L. Johnson of Pearl River Junior College returned last week from a trip to Huntsville, Alabama, where they were guests of the National Aero-Nautics and Space Administration. The purpose of the two day trip was to coordinate the college's science, technical and vocational training programs to meet the labor needs of the Mississippi Test Operation facilities located in Hancock County.

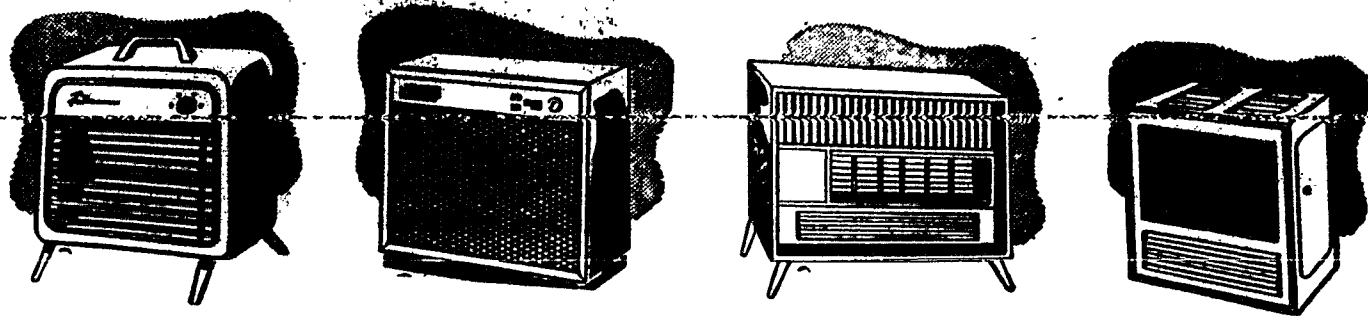

The two college officials were shown test stands, research facilities and training centers located at the mammoth George C. Marshall Space Flight Center.

Pearl River J. C. College now offers in addition to the two-year college transfer program, five two-year technical programs: Drafting and Design, Electronics, Civil Chemical and Mechanical.

Four programs of vocational training are offered: Auto Mechanics, Machine Shop, Accelerated Business and Data Processing.

OCEAN SPRINGS ROMPS OVER ST. STANISLAUS 40-6

The Ocean Springs Greyhounds kept their perfect football record intact Friday night at Freedom Field in Ocean Springs by powering their way to a 40-6 victory over the St. Stanislaus Rockchaws of Bay St. Louis.

Scoring at least one touchdown in every quarter, the Greyhounds of Coach Hugh Laurin Pepper waltzed to their sixth conquest in as many outings. It was the third defeat in four starts for the Rockchaws of Coach Billy Murphy.

Quarterback Arnie Ward and halfback Roy Franklin each scored two touchdowns for the Greyhounds in the one-sided romp, while other tallies were added by Ricky Davis and Mike Williams.

David Beaugez kicked three extra points from placement and halfback Mike Lips converted once from placement.

Ocean Springs got into the scoring act early in the first quarter on a 25-yard pass from Beaugez

to Franklin. Beaugez kicked the first of his three successive extra points.

Early in the second quarter halfback Ricky Davis capped a sustained drive on a three-yard touchdown run and Beaugez added the point from placement for a 14-0 lead at half-time.

Ward and Beaugez combined to up the lead to 21-0 early in the third quarter, Ward getting the touchdown on an 11-yard run and Beaugez adding the point after.

Later in the third period, Franklin sped six yards around end for a touchdown but Beaugez's kick failed.

Williams got his touchdown on an eight-yard run in the fourth quarter, with Lips kicking the extra point, and Ward closed out the Ocean Springs scoring on a one-yard quarterback sneak.

The lone St. Stanislaus score came late in the game on a 55-yard pass-run play from quarterback Curtis Matherne to halfback Dusty Rhodes.

Stanislaus plays Assumption, of Napoleonville, La., here this week.

BAY HIGH IN 13-13 TIE WITH LONG BEACH

Long Beach showed signs of its power of former days Friday night in delighting a homecoming crowd by fighting highly favored and undefeated Bay High to a 13-13 tie in what could prove a crucial Gulf Coast Conference battle for Bay High.

Coach Paul Magee's surprising Bearcats twice held the lead, but had to settle for a tie when Bay High the defending conference football champion, fought back for a third quarter touchdown.

Bay High entered the game with a 5-0 season worst record to Long Beach's showing of one win, one tie and two defeats.

The tie drops Bay High from the top spot in the conference standings and leaves undefeated and untied Ocean Springs in sole possession of first place.

Halfback Melvin Dubulsson put Long Beach in the lead in the second quarter when his five-yard touchdown run ended a 70-yard Bearcat march. Long Beach's hope for an upset victory went down the drain when a bad snap from center foiled the extra point attempt.

The touchdown drive, kept alive by a consistent series of short gainers, was guided by sophomore quarterback Allen Pitts.

Bay High bounced back to tie the game after taking the ensuing kick-off.

After two running plays, quarterback Leroy Luke uncorked a pass to end Billy Thomas that carried for 70 yards and a touchdown. The attempted kick for the extra point was blocked.

Later in the same quarter, Long Beach drove 80 yards for the Bearcats' second touchdown with Pitts passing six yards to Wayne Smith for the touchdown. The extra point came on a pass from Pitts to end Jimmy Scully and Long Beach led 13-6 at the end of the half.

Bay High went 42 yards in the third quarter for a touchdown with fullback Stanley Burch bucking over from three yards out. Billy Thomas added the game tying extra point on a kick from placement.

OLE MISS HOMECOMING SLATED FOR OCTOBER 25TH-26TH

University, Miss. - Thousands of Ole Miss students and alumni will gather on the campus Oct. 25-26 for the University's annual Homecoming celebration. Highlight of the weekend will be the Rebel-Vanderbilt gridiron battle in Hemingway Stadium Saturday, Oct. 26 at 2 p. m.

Alumni activities begin Friday, Oct. 25, with a meeting of the Alumni Board of Directors and the Student Development Committee at 3 p. m. in the Alumni House. The Annual Board of Directors and distinguished guests dinner will follow at 7:30 in the Continuation Center Auditorium.

Alumni registration is slated to begin at 10 a. m. Saturday in the Alumni House. The annual general business meeting and election of officers of the Alumni Association is scheduled for 11 a. m. Saturday in the Alumni

ment.

Bay High, fighting to protect its unmarred season record, twice drove inside the Long Beach 10 in the fourth quarter only to be halted by a determined Bearcat defense. Bay High moved once from the 15 after blocking a Long Beach punt and drove the other time from the Bearcat 45 after taking a short punt from Long Beach.

Bay High will host St. Martin's in a Conference game Friday night at Tiger Stadium.

How wonderful is enthusiasm. Mom and Dad will forgive this noise. They catch the spirit and joy of their young drummer boy.

Enthusiasm is not limited to small fry. But as we grow older, these joyous moments when our spirits ride high, wear thin and are diluted by everyday cares.

This is true of our religious experience. Often we are filled with eager enthusiasm when we pray and worship. Our church can guide this energy in channels of service and love.

But often our religious enthusiasm falls. In these moments when our spirits lag, we are sustained and encouraged by the enthusiasm of our fellow Christians.

How wonderful is enthusiasm. Come to church to have it renewed — Sunday and always.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

This unique agreement
broad purpose of which
guarantee harmonious labor
management relations during a
year construction period has
accepted by the system
unions, contractor, and
the National Aeronautics and
Administration and the
dent's Missile Site Labor
mission.
A meeting to start implemen-
tion of the agreement will be
tomorrow (Thursday) at the
water Motel, Biloxi. At the
will be representatives of
unions, construction, and
the President's Mission
Labor Commission, the Na-
tion Service, and NASA.
The Office
Construction
meeting a Missiles Site
Committee will be formed to
implement the Project Stabilization
Agreement - that day to
disputes and labor agree-
ment conditions and labor
hiring procedures, and
settling grievances. This is
first time such agreement has
been reached prior to the imple-
mentation of a major project. The
al, joint labor-business govern-
ment meetings leading to this
ment were called by the Labor
Center at the suggestion of the
President's Missile Site Labor
Commission.
Covered in the agreement
all construction and labor
work performed at the facility.
NASA is building the new facility
as a site for ground testing
rocket engines and stages for
the nation's space program.
The first element of the
construction is underway and
sent; portions of the facility will
be operational in mid-1963.
Parties to the agreement in-
clude the several national or-
ganizations, Association of

Following series of meetings
in the Mississippi-New Orleans
area in May and June, the agree-
ment arrived at by union and
business organizations was
submitted to the NASA and the
Missile Site Labor Commission
endorsement. All parties im-
posed have now ratified the agree-
ment, major points of which
as follows:
1. There will be no strikes, stoppages or lockouts on the part

LARGEST PAID CIRCULATION IN HANCOCK COUNTY

Entered as Second Class Matter in the Postoffice at Bay St. Louis, Act of March 3, 1879.

GOAL: TO ELECT ALL MISSISSIPPI DEMOCRATIC NOMINEES

"Mississippi Democrats gathered in county rallies all over Mississippi this week to open an all-out victory campaign that will move the more than 500,000 Mississippi Democratic voters to the polls in the general election on November 5, in a landslide victory to bury Republicanism in Mississippi for another hundred years," said Gene Triggs, Campaign Manager for Gubernatorial Nominee, Paul B. Johnson, in a statement released to all news media today.

"From now until the general election on November 5," said Triggs, "the men and women of the Mississippi Democratic Party will be organized to elect all those they nominated for public office in the Mississippi Democratic primaries in August. Mississippi Democrats are determined that their choices, as made in their own Democratic primaries, shall not be upset or changed in any way by the Republicans."

"The people of Mississippi spoke loud and clear in August," continued Triggs, "and never before did so many Mississippians go to the polls in Mississippi Democratic primaries and never before did they give a gubernatorial candidate the great majority they gave Hon. Paul B. Johnson. This great conservative majority of Mississippians will see to it, on November 5, that their will, as expressed in August, is not changed or even endangered."

"Word comes to me," concluded Triggs, "from every section of Mississippi that our people fully recognize that a two-party system would spell the end for our way of life in Mississippi. Our people know that these overnight Republicans, most of whom voted as Democrats in our August primaries, would divide the conservative white men and women of Mississippi into two political camps and thereby place the balance of power in the hands of the Negro minority of this State. Our people will not allow these Republican scoundrels to attain their vicious goal."
